NAVAL AND AVIATION HISTORY ATTRACTION

North Kingstown, Rhode Island

Rhode Island Aviation Hall of Fame, Inc., (RIAHOF), plans to develop as its permanent home a world-class, financially self-sufficient family attraction, education center, museum and memorial. This facility at the former Quonset Point Naval Air Station on beautiful Narragansett Bay would incorporate museums and memorials for the USS John F Kennedy and USS Saratoga, featuring all the ship-related memorabilia and artifacts we have rescued over the years. Our attraction must offer something exciting and dynamic—and it must appeal to everyone, not just veterans and military buffs. To be successful, we must draw younger generations, women, children and minority groups.

To help us fulfill that vision, please fill out the form below. Your tax-exempt contribution will bring us that much closer to ensuring that we will be able develop this educational and cultural asset for our state. Please also consider updating your will, naming the Rhode Island Aviation Hall of Fame, Inc. as a beneficiary. (Such a bequest could significantly reduce your estate tax.)
